TUESDAY,.....SEPT. 7, 1875.

## NEWS OF THE MORNING.

A disease similar to the epizootic has broken out among the cattle near Avon, N. Y. The fifteenth annual fair of the San Joaquin Valley Agricultural Society opened at Stockton yesterday.

An Indian outbreak is reported in Nevada. Geo. M. Pinney has sued the *Bulletin* and *Call* for \$25,000 damages on a libel suit.

Irean, Democratic candidate for Governor, will have a majority over both Phelps and Bidwell.

## Rumors and Things.

Work has been suspended on the Los Angeles and Independence road, and there are various rumors on the streets as to the cause. One story is current that the shrinkage in stock consequent upon the financial depression has so reduced Mr. JONES' ready money that he finds it necessary to curtail his expenditures. Another rumor which, by the way, is not true, is that the road has passed into the hands of the Southern Pacific Railroad company. From still another source we hear that all the money expended by the company has been furnished by certain parties in this city and the refusal of those parties to put up more coin has brought everything to a stand still. There is some truth but not a great deal in each of these stories. By special over the grapevine telegraph, to the *HERALD*, we are enabled to throw some light on the subject which will in a great measure dispel the mist of doubt which now surrounds it. The management and control and possibly the ownership of the road has passed from JOHN P. JONES to Colonel JACKSON, a capitalist of San Francisco and there is to be a change of programme and a change of plans and men all around. Colonel JACKSON is a man who looks after his own business and knows what becomes of every dollar he invests. He built, and for some time operated the California Pacific road running from Vallejo to Sacramento and he built the Stockton and Copperopolis road. Both of these roads passed into the hands of the Central Pacific Railroad company. We are confident the Colonel will soon assume control of the road, but whether he will do so as owner or agent is a point on which we are not yet informed.

## A New Political Phase.

The opinion prevails in San Francisco that the purpose of the *Bulletin* and *Call* and the Associated Press in attempting to destroy the commercial interests of California was to advance the cause of the Independent party. The following from the *Post* will be read with interest:

We called attention a week ago to the manner in which the Associated Press, the San Francisco agency of which is under the control of the proprietors of the *Bulletin* and *Call* was being used to disseminate through the East statements injurious to the financial credit of this city, and calculated to cause the bankers of the East and of Europe to withhold the accommodation which might stay a panic. There is further proof of the deliberate purpose to accomplish this end. Chicago papers which have come to hand published Associated Press telegrams putting the liabilities of the Bank of California at \$90,000,000; and the *Alta* publishes the following dispatches received by the agent of the American Press Association here, which explain themselves:

NEW YORK, Aug. 30.—Give us the true state of feeling in San Francisco as to the ownership of the *Bulletin* and *Call*. Associated Press forwarding dispatches lauding these papers for their action.

W. S.

NEW YORK, Aug. 31st.—Your reports of the condition of the Bank of California and probability of resumption creating great excitement. If possible, send corroboration—Associated Press reports exactly the reverse; say the stock of the Bank of California cannot be given away.

W. S.

NEW YORK, Sept. 1st.—Sharon's action is spoken of in the highest terms in all quarters. This will make him very popular here. The American Press Association papers have now opened fire editorially, on the Associated Press for their falsehoods, and the news from California of what is to-day, will enable them to keep up the attack. The Associated Press dispatches of to-day say that one of the most prominent members of the Board of Directors says Ralston used the bank funds to help himself out of a scrape. The *Herald* special corroborates our news.

W. S.

There has evidently been a cold blooded purpose to crush the *Bulletin* and *Call* in order to certain ticket might be successful on election day. The *Los Angeles Express* one of the few later journals which follow the policy of the *Bulletin* and *Call*, jubilantly blurted out "the failure of the Bank of California is worth 10,000 votes to the Independents," and there can be no doubt that this was the motive which actuated the lying and malicious and the persistent misrepresentations abroad. Talk about the petraleses of Paris. Which is the worst; to fire a building or to create a panic which may sweep five hundred firms into bankruptcy and throw thousands of men out of employment? There ought to be some way of preventing, if there is no way of punishing, such moral incendiarism.

## Railroad Work.

One of two conclusions are deducible from the vote of the people of Los Angeles county cast on Wednesday of last week. Either they have discovered that railroads are a good thing for the country, no matter who builds them, or they do not believe the terrible stories which have been told them about that "odious monopoly," the Southern Pacific Railroad company. From the opening of the campaign by Tom Fitch down to the final moan on the night previous to election by Jim Eastman and Colonel PEEL, no Independent or Republican speaker took the stump in this county that did not inveigh by the hour against the railroad company and wind up with the solemn assurance that Mr. WIGGINTON was their creature. These arguments were potent; They were unanswerable. The people

listened to them night after night and so convinced were they of the truth of what these patriotic Independents said that they went to the polls and gave Mr. WIGGINTON twelve hundred majority. The mistake of Mr. Houghton's backers in this county, is that they spoke to the people as though they were babes without understanding and ready to suck anything presented to their lips. No more fatal error could be committed. The people are not fools, nor will they accept as fact the bare assertion of the political stumper. The railroads operated in this county are owned by the corporation which the Independent politicians tell us is a "grasping monopoly" blighting and ruining the country. Yet there is not a man in this valley so wanting in intelligence as not to know that the operations of this same "grasping monopoly" have within the last two years almost if not quite doubled the value of the taxable property of the county. We had the natural advantages of soil and climate, but it is to our railroads we owe the rapid strides we are making in the high road to permanent prosperity. The people of Los Angeles county are not blind to the advantages they have reaped from the railroads they now have and so far from wishing to crush out and drive from among them the company that built these roads, they are desirous that it shall continue the work of track laying. The Southern Pacific has done much in the way of developing Southern California. When Tom Scott or any other railroad manager gets beyond talking about doing and really does something in the direction we shall accord them equal praise with those whose actions have equalled their promises.

## Malice, Unpardonable Malice.

If the *Bulletin* and *Call* had information which led them to doubt the solvency of the Bank of California it was their duty as honest journalists to lay such information before the public. That they ever had such information or that their attacks on the Bank were prompted by honest motives is an open question. Neither of these sheets have been remarkable for their purity of purpose or the sincerity of their professions of good faith in the support of the people. It is more than probable that their attacks on the Bank were the promptings of selfish motives and made without the slightest knowledge that their guesses approached the truth. However this may have been, there is no excuse for their persistent attempts to blacken the name and fame of RALSTON after he was dead. There is so much of the Jackal instincts in the paragraphs these papers printed about RALSTON between his death and the verdict of the Coroner's jury that while we condemn the ill timed exhibition of such bitter hatred we cannot repress the thought that there was more malice toward RALSTON than desire to serve the public at the bottom of the *Bulletin* and *Call* articles on the Bank of California. The hatred of the honorable man dies with the object of that hatred. Only the man who is more the brute than the man, and more the coward than his enemy, cherishes hatred beyond the grave. Bitter indeed must be the feeling, and infinitesimally small the soul of the journalist who could insinuate without the slightest grounds for such insinuation that a man had died by his own hands during the progress of the investigation as to the cause of his death.

## Los Angeles' Commercial Position.

Before the era of Railroads maritime cities controlled the commerce of the world. The great marts were located on the seaboard at the mouths of large streams. Traffic followed the navigable streams and the hills which loomed their tribute of waters to float the wealth of the interior, carried up to the cities beside the sea. The thundering freight train climbing mountains and piercing the hearts of continents has changed all this, though the science of rail transportation is but in its infancy. Commerce now moves to the click of the electric battery and the thunder of the locomotive; it moves in straight lines, and always takes the hypotenuse instead of the two sides of the triangle. The contrast between the steamboat and the railroad is already decided in favor of the later, even on the banks of the Father of waters. Baltimore and Philadelphia are successfully competing with New York for the Western trade, and Norfolk has become a great cotton market. The Baltimore and Ohio Railway now carries almost as much freight as is transported on the Mississippi River. This maritime in the commercial world has shorn the seaboard cities of much of their wealth. Trade is being transferred to the countries where wealth and enterprise direct it. The pork packer of Chicago contracts directly with the merchant of England or Germany for the delivery of cut meats and the railroad gives him a through bill of lading. The large houses of St. Louis and Cincinnati purchase directly from Manchester and Sheffield and have the goods laid down at their own doors before the duty is paid.

The plain lesson of the day in the commercial world is that commerce goes where there is enterprise and capital to handle it. To obtain commercial pre-eminence a city need not look out upon the ocean wave. All that she needs is communication with the great highway of nations and a prosperous surrounding or interior country favorable to traffic. The coming great cities of the world need not be

directly upon the seashore. This is particularly true of the Pacific Coast where the absence of navigable streams must throw the whole commerce upon the railways.

Los Angeles then need fear no rivals upon the seashore. Wilmington and Santa Monica are her gateways and storehouses. There the produce of the interior, the grain and wine and oil, the wool from our sheep, the gold and silver from the mines, will be transferred to the vessels that are to bear them to distant shores and the same cars will bring back silks and teas and rice from Asia, cotton goods, queensware and cutlery from Great Britain, and exquisitely wrought wares from France. The Custom House will be here upon Main street, and the goods will be owned and handled by the merchant princes of this city. Holding the terminus of the best transcontinental route, Los Angeles will snatch from San Francisco a large portion of the travel, and being in the direct line of transoceanic trade with Asia and India, she will be here long enabled to successfully compete for the tea and silk trade of this coast. The fabulously rich mineral wealth of the interior country soon to be opened by the miner will center in her banks vast quantities of gold and silver. Our climate will attract population, great opportunities will make great merchants and bankers, and capital will flow in to participate in the rich harvest. Here all the elements combine to make the most wealthy and powerful metropolis in the country.

That Los Angeles has so quickly grown to her present size may seem a matter of surprise to those who have not studied the situation carefully, for she has yet scarcely felt the first impulse of the railroads which are reaching out their arms around her in every direction. She is now but a mammoth chrysalis, and when her shell shall burst and her glorious wings unfold for her lofty flight she will be the wonder of the age. She will be what no other city ever was. She will have agriculture, horticulture, manufactures and commerce to sustain her. These fertile valleys will roll in their beautiful harvests of almost every article needed to sustain humanity, mills will convert the raw material into fabrics and the ore into coin and bullion, her warehouses will overflow with merchandise, and vineyard after vineyard, orchard after orchard will extend for miles. In area Philadelphia leads all the cities of America, but there are men now living who will survey the city of Los Angeles from the San Gabriel summits extending on one side to Wilmington and on the other to Santa Monica, not a community of consumers but of producers.

For Los Angeles.

CALIFORNIA, Sept. 5.—The following passengers left on Telegraph Stage line for Los Angeles to-day: Mrs. Einsell.

San Francisco News.

SAN FRANCISCO, Sept. 5.—The California Little Board of Brokers resumed business this morning. The transactions were very limited. Ophir, \$42; California, \$51; Belcher, \$21; Gould & Curry, \$31. Some other small stocks were sold at corresponding prices. The feeling seems to be that there will be no great letting down in prices.

The latest returns through the State give Irwin 43,000, Phelps 25,000, and Bidwell 18,000. Irwin will probably have a majority over both his opponents. In the city Irwin leads both Phelps and Bidwell. Piper is elected over both Swift and Rankin combined. Bryant is elected Mayor and Badlam Assessor, the latter by 6,000. Mr. Ellis leads Crowley several hundred votes and his election is now conceded. Burnett is probably elected over Matthews, and Nunan is ahead of McKibbin.

The victors are as follows, unless later returns should change what are now probable results. Democrats: George F. Maynard, Auditor; Vm. Ford, Tax Collector; Charles Hubert, Treasurer; O. H. Piper, Recorder; Thomas H. Reynolds, County Clerk; W. P. Humphreys, Surveyor; John Hogan, Superintendent of Streets, and Charles B. Edwards, J. P. Shine, T. W. Eaton, J. C. Robert, E. A. Gibbs and D. A. McDonald, Supervisors. The Independents and Republicans have elected Alex. Badlam, Assessor; H. H. Ellis, Chief of Police, and probably W. C. Burnett, City and County Attorney; H. N. Bolander, Superintendent of Schools; Simon Mayer, Public Administrator; B. R. Swan, Coroner, and the Messrs. A. Drucker, Thomas Bryan and J. H. Wise, Supervisors. B. Ordenstein, one of the Independent candidates for Fire Commissioner, is elected, with probably E. Flaherty, Republican, and Charles Field, Democrat. The Democrats elect three Members of Congress, Piper in the first, Luttrell in the third, and Wigginton in the fourth. Page, Republican, is elected from the second district. The Democrats have certainly elected fifteen Senators for the term of the Republicans and two Independents.

Geo. M. Pinney has brought suit in the Twelfth District Court against Loring Pickering and Geo. K. Fitch to recover \$25,000 damages on an alleged malicious and defamatory libel published in the *Bulletin* August 25th, headed, "Frauds on the Government."

Serious charges against Geo. M. Pinney. The plaintiff accuses the defendants of making four false charges against him. First, fraud in the purchase of material and stores for the U. S. Navy. Second, wilful neglect of duty. Third, the issuing of certificates without authority. Fourth, procuring, making and signing fictitious names for materials for the use of the U. S. Navy, with fraudulent intent. Gov. Pacheco on Saturday pardoned

the following persons out of State prison: John Armstrong, manslaughter, sentenced October, 1871, for 6 years. Wm. Snellie, convicted at Sept. term 1874, at San Francisco for grand larceny, term 10 years. Chas. Muller, San Francisco, convicted Aug. 1873, of felony and sentenced for 3 years. Henry D. Crisswell, convicted Jan. 1868, at San Francisco for burglary and sentenced for 12 years. Wm. Gregg, convicted Jan. 1868 in Alameda county, and sentenced for ten years.

## EASTERN NEWS.

Trouble Anticipated with England.

CHICAGO, Sept. 6.—A Washington special says there is a prospect of international trouble with Great Britain that may mean another Board of Arbitration. Not long ago an American schooner, the Gilbert C. Trufante, was sold at Liverpool to British ship owners, in open violation of the provision of the regulations. A very lively correspondence has been maintained between the United States and Great Britain. Our people have requested the British government to turn this vessel over to the United States that she may be libeled against her former owners. The Earl of Derby has finally decided that the vessel shall not be delivered up, as the sale all the regulations of the British law were carefully observed. He sees no reason for interfering. On receipt of this decision, the Secretary of the Treasury issued order to Collectors of Customs at all ports to detain the vessel and detain the Trufante, should she ever visit this country.

Pacific Coast Postal Changes. WASHINGTON, Sept. 5th.—The following postal changes have been ordered for the Pacific Coast: Office established at Meadow Brook, Lewis county, W. T. Reynolds, T. Kimball at Parley's Park, Summit county, Utah; Thomas Dunbar at Tres Alamos, Pima county, Arizona. Name and site changed: Stanton, Yavapai county, Arizona Territories, to Antelope Valley, Chas. G. Ginnung appointed Postmaster.

## Treasure.

WASHINGTON, Sept. 6.—Applications have been received to-day at the Treasury Department for transfer of about \$7,000,000 in gold from New York to San Francisco for commercial purposes. The applications were received from ten persons in the latter city. The Treasurer hopes to be able to transfer about half a million tomorrow, which will be distributed pro rata among the applicants.

Since the suspension of the Bank of California the Directors of the Mint have directed to stop the coinage of silver and resume coinage of gold; therefore a million dollars in coin intended for the purchase of silver is not needed and \$50,000 of the amount was returned to the Assistant Treasurer last week, and the other half of the million will be returned to-day or tomorrow when he will comply with the request for the transfer of \$500,000.

## Burglary and Arrest.

ERIE, Pa., Sept. 4.—Two young men named Barnes and Sperry were arrested at Girard, Erie County to-day for an atrocious burglary and other lawless acts at Spring and Hayfield on Friday night. Governor Bradley telegraphed to Camp Halleck about noon to-day for troops, and this evening made requisition on General Schofield.

## CONDENSED TELEGRAMS.

Adrian Izar, the celebrated French biharist, is now in New York. He plays with his finger and thumb, and is reported to have made a run of 2,045 points.

The Rev. Hoffman scandal case, at Quincy, Illinois, has already led to the shooting of Judge Mitchell by Shatten, the City Engineer, with whose wife it is alleged Rev. Hoffman had an intrigue. A damaging letter of Mrs. Shatten's has been discovered, proving that Hoffman is guilty and that he was in the habit of meeting lady members of his congregation at Mrs. Shatten's house, reading poetry to them and interpreting it, and doing things not quite so innocent. When Mitchell was shot, an innocent by-stander named Vickers received a severe wound. By a singular coincidence, he had once before, in Missouri, received a gun-shot wound in an affray arising out of a ministerial scandal to which he was no party in any wise. Quite naturally, Vickers is down on the clergy generally. The Mrs. Shatten letter will probably wind up Mr. Hoffman's ministerial career for the present.

**COMMON COUNCIL PROCEEDINGS.**  
Monday, Sept. 6th.  
Council met last night, Mayor Beaudry in the Chair. Present, Workman, Leahy, Campbell, Huber, Lichtenberger, Teed, Carmona, Mullaly, Wolfskill, and Robinson.

The minutes of the last meeting were read and approved.

The Mayor reported fines collected, \$96, and City Marshal's report of fees and licenses collected \$1975.50. On motion the returned license receipts were destroyed.

A communication was received from Marshall Carrillo asking that the special Police employed on election day be paid at once. On motion they were ordered to be paid.

The City Surveyor reported that 500 feet of the Main street sewer was completed—filled.

The City Surveyor reported that a dam could be built for \$1,500, and would last sometime—filled.

Mr. Workman agreed to the report of the City Surveyor, and thought that the Council should now take some step to inaugurate the construction of the same.

On motion the matter was referred to the Committee on Lands.

A committee was appointed in conjunction with the City Surveyor and City Attorney relative to a building near the Aliso street bridge, to report if said building is on city lands.

The minority report of the committee in regard to the location of the depot of the L. & I. R. R., recommended the Aliso tract as the most central for commercial purposes.

Mayor Beaudry addressed the Council. He was not in favor of locating the depot on San Pedro street, as it would only benefit a few and injure many. He thought it would draw business from the centre of the city.

Mr. Huber replied that the Mayor had injured the city in locating the depot of the S. P. R. R. at the uppermost end of town.

On motion Mr. Crawford was allowed to address the Council. He claimed that if the Council forced them to locate on the Aliso tract, that they would not be able to furnish the competition to be wished between the two roads. If allowed to build the depot on San Pedro street they would have the road running into town inside of ninety days.

Mr. Lichtenberger spoke in favor of locating the depot on San Pedro street. Moved that the ordinance granting the right of way along San Pedro street to the L. & I. R. R. and location of depot on the Bristol tract be passed. Ayes 8, noes 3.

The Board of Public Works recommended that the grade of Sixth street be adopted. Carried.

It was moved that the builders on the Main street street sewer be paid for the 500 feet already finished, as per contract. Carried.

A communication was read from Mr. Folke the Superintendent of the Main street sewer, informing the Council that 525 feet had been completed, and requesting that the water from Zanja number 8, be shut off from Monday morning till Wednesday night. It was so ordered.

A communication was read from Mr. Stevenson in regard to the map of the city. On motion it was ordered filed.

The Finance Committee reported favorably.

The following bills were referred to the Finance Committee: Jones & Noyes, 47.25; Robt. Hughes, 57.28; Wm. Moore, 300.00; S. L. Dewey, 117.50; Belling Smith, 54.00; G. Manning, 19.55; Ducommun, 8.90; E. Meyer & Co., 4.00; Dotter & Bradley, 21.00; S. Hellman, 23.75; Express, 15.00; L. Roeden, 3.25; S. H. Buchanan, 8.85; W. M. Petition from property owners requesting that the bridge on Figueroa street be repaired—passed.

On motion—adjourned.

In another column will be found the advertisement of B. Striebel, who has an elegant Grocery store in Rowan's new building corner of Main and First streets. Mr. Striebel keeps constantly on hand a large assortment of fancy and staple groceries. These goods are all first-class, and comprise the usual varieties found in the best Eastern stores. The purchasers can rely on the quality as well as on getting the goods at a very low figure. Mr. Striebel will inaugurate a principle in business and give his customers the advantage of his extensive purchases and sell them goods at the lowest notch. His fifteen years in the business will enable him to undersell all competitors and his customers will thus have the advantage of low prices. Give him a call.

Mr. Isaac Cohen, who has been long and favorably known in our business circles, leaves to-day by the Mohongo en route for his old home in Germany, where he expects to make a prolonged visit. He was tendered a farewell entertainment at the Turnverein Hall, Sunday evening, by the members of the Turnverein Society, of which he is President. There was music and feasting till a late hour, and Gambrinus poured out full draughts of his paterfamilias in honor of the occasion. The affair must have proved very gratifying to Mr. Cohen when taken as a testimonial of the good feeling towards him among his fellow Turners.

The County Board of Examination, which has been in session since last Thursday morning, adjourned late on Saturday night. They had twenty-two applicants for teachers' certificates before them for examination and granted certificates to the following named candidates, viz.: Mrs. C. A. Wese, Mrs. Hannah Walker, Mr. Anderson Wheeler, Mr. J. S. Bell, Mr. D. W. Burrett, Miss E. A. Rudesell, Miss Elida Hale, Miss Jennie Clapp, Miss Rena Howard, Miss Emma K. Means, Miss Alice Squires, Miss Lizzie Burke, Mr. Wesley Williams, Mr. S. W. Burke, Mr. Joseph Smith.

Don Mateo Keller won a suit yesterday which quieted the title to the Malaga Ranch. It seems several years ago "Peanut" Lewis, of Ohio, contracted for the ranch in his wife's name, for \$35,000, paying \$11,666.66 cash, but never made any subsequent payments, though the ranch is now worth at least \$150,000. He claimed it nevertheless, but this suit settled his claim emphatically. Old "Peanut" is out just \$11,666.66, and Mr. Keller is out his attorney's fees in the suit. We put Don Mateo up head.

We find the following in the Santa Barbara Press:  
This afternoon at about half past one o'clock, Francois Watelle was found almost dead on Cota street, between M. Ohlmeyer's and the bridge across Mission Creek. He died on reaching Dr. Hill's office. He is supposed to have poisoned himself. He is a man of about forty years of age, and has been working for Mr. Goux off and on the last two years.

An Irishman to whom some wonderful story was told on the authority of cheap paper, declined to believe it, saying that he distrusted all he saw in the "cheap prints." Why should you not believe in the cheap papers, "because" was his ready answer, "I don't think they can afford to speak the truth for the money."

Always acknowledge all courtesies in a kind spirit. Throw a bouquet and a card of thanks to a serenading party, if not prepared to ask them in. If you haven't a bouquet or a card at hand, throw a boot-jack, or a brick, or anything of that sort, just to show your appreciation of the kindness intended.

Printers are generally considered better men than preachers—because they are generally more successful in managing the "devil."

**OFFICE OF CHARLOTTE CON-**  
solidated Gold Mining Co.—The property of this company, after considerable development, has yielded returns beyond their expectations, and every indication thus far points to a still more valuable result. The various and reported assays and the result by assays prove that there is ore yielding from \$30 to \$400 per ton, and the Company feel themselves warranted in the statement that these mines are permanent and valuable ledges. In view of those facts they have authorized the sale of a very limited amount of stock for working capital, at \$5 per share. The development of the property will inevitably result in the employment of a number of men in the district in which they are situated, and in the end build up a camp of no inconsiderable size, the supplies for which must be drawn from our midst. The Directors feel themselves justified in recommending this stock to the confidence of the business men as well as to the general community of Los Angeles.

Stock can be obtained from the Treasurer, Mr. C. P. Heinemann, or of the Secretary at the office of the Company, or by application to Messrs. Barbee & Gates, Brokers, 85 Commercial street. T. S. STANWAY, President. aug28
